

WEINGUT JOSEF FRITZ

2016
Roter Veltliner
Ried Mordthal
DRY

From the loess comes the nutty spice, from limestone the fruit variety. A true olfactory experience. Wit and ripeness, brilliant on the palate with power and strength. Great wine that ideally combines varietal and place of origin.

Ried Mordthal

The site name „Mordthal“ probably comes from an old term for a narrow valley without an exit, which was used during the Stone Age as a strategic hunting aid. Here, the hunters cornered mammoths and killed them, as documented by many bone findings.
